CAMBIA HEALTH FOUNDATION 2022–2026 STRATEGY

Advancing Equity through Whole Person Health

Resilient Children and Families
We invest in behavioral health access for young children and their caregivers. By focusing on early intervention, we build resilience and improve health outcomes.

Healthy and Connected Aging
We focus on solutions that reduce isolation and loneliness among older adults by strengthening social connectivity, care coordination, and behavioral health access within whole person health models.

Health Care Workforce
We support expanding, diversifying, and training the workforce to reduce behavioral health provider shortages in our region. By strengthening the paid and unpaid workforce we enable wellness and prevention, reduce stigma and increase collaborative care models.
