

Advancing Whole Person Health in Our Communities

Resilient Children and Families

We invest in behavioral health access for young children and their caregivers. By focusing on early intervention, we build resilience and improve health outcomes.

Healthy and Connected Aging

We focus on solutions that reduce isolation and loneliness among older adults by strengthening social connectivity, care coordination, and behavioral health access within whole person health models.

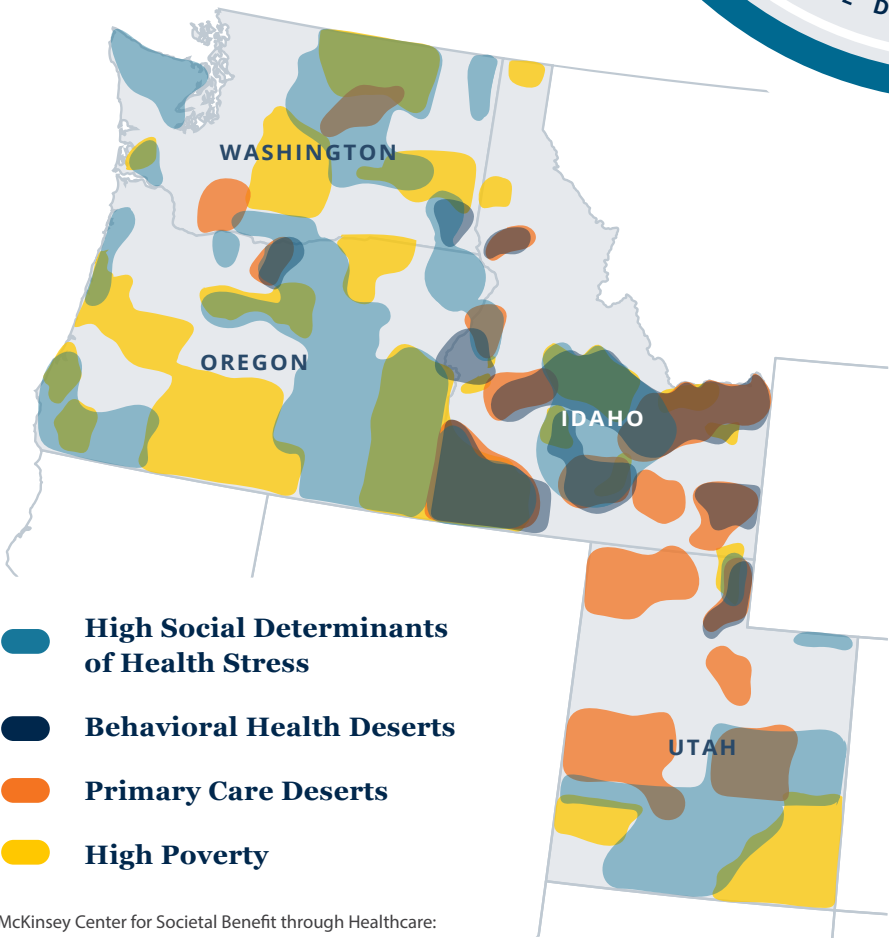

Health Care Workforce

We support expanding, diversifying, and training the workforce to reduce behavioral health provider shortages in our region. By strengthening the paid and unpaid workforce we enable wellness and prevention, reduce stigma and increase collaborative care models.

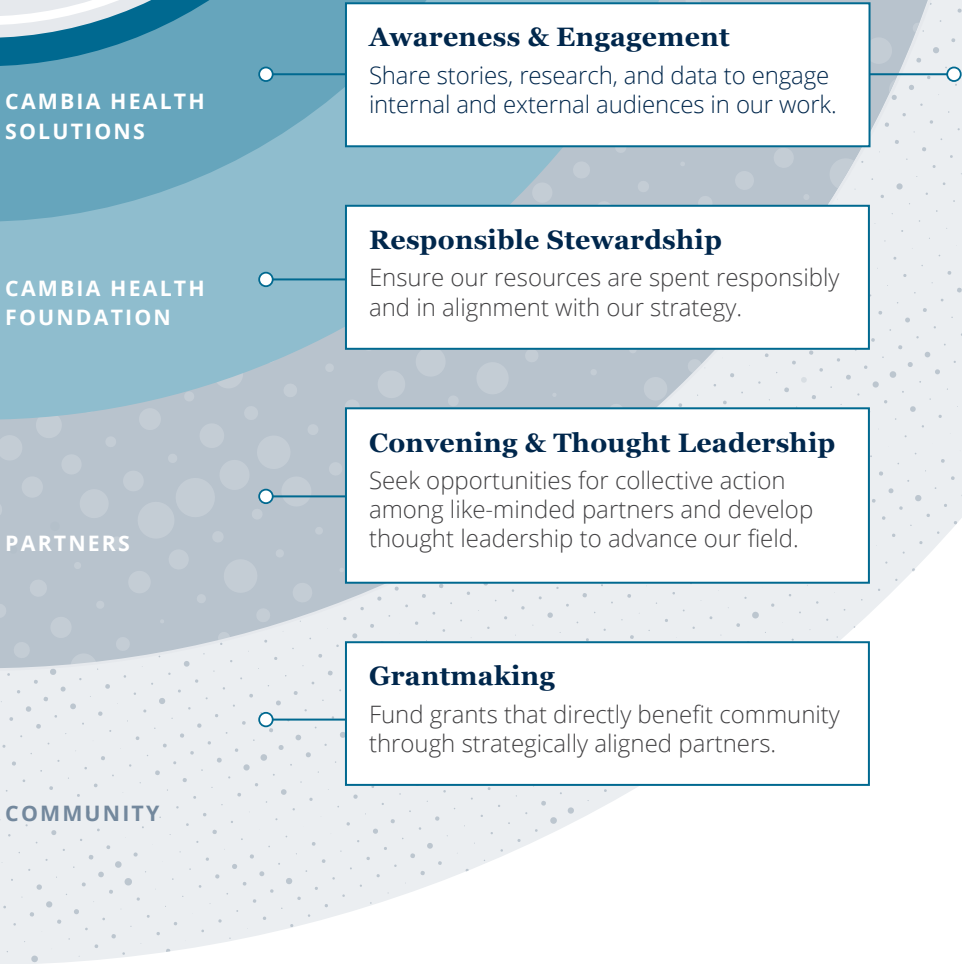

We believe that health is personal, multidimensional and interconnected, so health care should be too.

We invest in programs that expand access to whole person **behavioral health**.

Where We Fund

We use data to understand the needs of underserved communities in our four-state region.

What We Do

Cambia Health Foundation connects the philanthropic dollars of Cambia Health Solutions to our communities through partners.
